reater than resterday, and the dresses, if on takes more and more the character of an infant prodigy and less that of the child in it might be as happy as a man fifternoon, there being little wind at Ascot. What she used to do and say; but new she the broken French gradually dishave drawn the curtain."

From behind the curtain came a voice in a nasal ventriloquil tone, saying, "Good evening." "Good evening." was returned, and someone said, "Ah, that is Joey." Some jokes of a clownish nature followed. Mr. Gilbert: Well, what did you expect (Laughter.)

The question, "What is port wine?" is to be raised in the courts. At the North London Police Court to-day a summons was granted against a licensed victualler for eelling what was said to be port wine under a false trade description.

It was said the wine was sold from a cask bearing the name of a famous maker, but there was a doubt whether it was port wine at all. Mr. Monier Milliams, who made the courting of the searce of courtains, such that a grant in aid should be given by the Imperial Government to the Committees formed under the Unemployed Workmen Act for the purpose of emigration, and that it should be made a condition of such grant in aid that the Committees should accept the spirit the advice of the Emigrants' Information Office as to the Colonies to which the emigrants should be sent.

A piece of music was then played on the piano. and the voice of the searce said that from behind the curtain naxt came in a low falling the voice was said to be that of "La Belle Cerrise."

A light then appeared, which the spirit to further any aid should be given by the Unemployed Workmen Act for the purpose of emigration; and that it should be made a condition of such grant in aid should be given by the Unemployed Workmen Act for the purpose of emigration; and that it should be made a condition of such grant in aid should be given by the Committees formed the under the Unemployed Workmen Act for the purpose of emigration; and that it should be made a condition of such grant in aid should be given by the Committees formed the under the Unemployed Workmen Act for the purpose of emigration; and that it should be made a condition of such grant in aid should be given by the Unemployed Workmen Act for the under the Unemployed Workmen Act for the purpose of emigration; and that it should be given by the Unemployed Workmen Act for the under the Unemployed Workmen Act for the under the Unemployed Workmen Act for the purpose of emigration; and that it should be given by the under the under the Unemployed to the under the Unempl He added that they would materialise

and the spirit states were then set. They were luminous metal plates, and were placed on the floor in the middle of a circle. They rested, went backwards, and finally disappeared. Someone in the circle said, "See! The spirits have taken the slates."

His subsequent examination detected a piece of wire behind the slates. A deep bass voice, said to be that of Dr Alder, another of the hierarchy, announced that a spirit was about to be materialised lifted into the air. A large quantity of the wreckage which was brought to the surface was secured by watermen. The explosions will be continued daily until the wreck is dispersed. To-morrow it is proposed to use a charge of 3,000lb. of guncotton.

The time states came round the circle, and was also stated with speared was not properly and the surface was secured by watermen. The explosions will be continued daily until the wreck is dispersed. To-morrow it is proposed to use a charge of 3,000lb. of guncotton.

The time states came round the circle, and was also stated with a goatee beard. The beard was a gold medal at the liventories Exhibition for inventions connected with iron and steel.

A second face which appeared had a moustache, also obviously stuck on. In raps there were affirmative answers to the questions that they were faces of an uncle. Then the slates came round the circle, and
